16" inches

Each cabinet is designed to fit between common 16" wall studs. No major wall construction is necessary. Simply cut an opening between the studs, apply the provided adhesive and then insert the cabinet into the wall cut-out and you're done-no nails or screws needed!

Surprisingly easy to install

1. Find the Studs...
2. Cut your hole...
3. Apply adhesive and snap cabinet into place!

In-Wall Cabinets have been designed in 3 standard sizes: Small, Medium or Large

	HEIGHT	WIDTH	DEPTH INTO WALL	TOP CROWN	HOLE CUT-OUT
